

GF210

21"/54 cm

Gas-Powered Ventilator

Tried and true, tested and trusted, conventional ventilators have stood the test of time. The GF series are the PPV fans that helped to build the RAMFAN brand in the industry and these feconomical gas fans are well known for their durability.

Compact with outstanding close range ventilation using TurboForce™ technology to generate stronger, faster and more focused airflow than possible with conventional propeller designs. With the large amount of airflow, the fan is powerful enough to use for large structure ventilation.

Specifications

Model	GF210
Part	GE5001
Weight	88 lbs / 40 kg
Impeller	7-Blade
Dimensions (h/w/d)	24.8 x 25.3 x 22.4 in / 63 x 64.3 x 22.4 cm
Engine	Honda GX160 4.8 Hp / 3.5 kW
Noise	96 dB@3' (1 m)
Run Time	1 hr 26 min
Approval	CE

Performance

Airflow	
Opening Size (Single Door)	17,670 cfm (30,039 m³/hr)

Available Accessories
